

Dolly Parton - Mama Say a Prayer

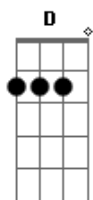

Tom: **D**

So, Mama, when you pray tonight,
 The bright lights of this city are a pretty sight to see,
 and while you're on your knees,
 perhaps they're extra pretty to a country girl like me.
 Mama, say a special prayer for me.

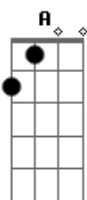

Temptation waits at every turn, and it won't let me be.
 The nights get cold and lonely, when you're far away from home,
 So, Mama, when you pray tonight, say a special prayer for me.
 and lonely makes it easy for a good girl to go wrong.
 Evil eyes search through the night for lonely girls like me.

I miss your tender goodnight kiss of love and understanding,
 the good night kisses I get now are cruel and so demanding.
 So, Mama, when you pray tonight say a special prayer for me.
