

# Dolores 602 - Outono

Tom: G

Ah, eu já cansei de te esperar  
 Não quero mais te dar a mão  
 Pelo que eu sei não vou suportar  
 Tristeza se apossou de mim  
 Mas tudo bem , que seja ruim pra você também

Não sou daqueles que desejam paz e amor a todo mundo que vê  
 Outono, folha seca  
 Inverno, tudo frio  
 Mas se as cores que o verão trouxe  
 Forem de ti ou de outra mulher  
 Eu vou esperar até quando eu puder  
 [Solo] F A Bb Bbm
