You can reach me if you wanna

C
Stay up tonight

G
Stay up at night

F Am
Green lights in your body language

C G
Seems like you could use a little

F Am
Company from me

C G
But if you got everything

F Am
Figured out like you say

C
Don't waste a minute

[Segunda Parte]

F
I can't fix each and all your problems

Am
I'm no good with names and faces

C
She sent me naked pictures

G
From her neck down to the waist

F
I get my feelings involved

Am
She stopped returnin' my calls

C G
Flaws turned into walls and barricades

F Am
And I'm too fare gone and over both ways

C G
And now every long day is a bad one

F Am
I can't make you call or make you stay

C G
Or take you off the pedestal

F
So I get lost in modern music watchin' movies

Am
Talkin' to the walls in my room

C
Walkin' through the halls in my head

G
Just tryna make sure it all makes sense

F
I ain't made of money

Am
Maybe someday you could take it from me

C
I'm up too late

G
Thinkin' bout you

In MIA for
