

## **Dominic Fike - Babydoll**

```
We both know exactly what I'm thinkin'

Dm A

Weeks pass and I never grow tired

Dm A

G

'Cause I never said never and I barely ever lie

Dm A

I'm on the road to an original place in outer space

Dm A

I didn't make it up, but you can't find it on a phone or a globe

Dm A

And I can take you with me if you really wanna go

Dm A

Oh, babydoll, I can't move on

Dm A

I can't move on, babydoll

Dm A

Waitin' on calls, flippin' through stations

Dm A

I'm outclassed and it's outrageous

Dm A

I'll take it all, babydoll

Dm A

G

Whatever's been weighin' you down
