

Dominic Fike - Think Fast (feat. Weezer)

tom:
 D
 Oh, oh, oh, oh
 Oh, oh, oh, oh

I'm born
 I cry
 I sing
 I leave this place
 This place was bad for me
 What's worse, what stings
 I saw her in the garden with the snakes, she said

Think fast you only get one try
 Sleep tight, I wanna get sunshine
 Wake up you know we got things to see
 She talks till nothing makes senses
 If not a puzzle, it must be nonsense
 If it's not a puzzle, then what's she talking about?

I will find out, I will
 Wake up, find out, I will

Think fast you only get one try
 Sleep tight, I wanna get sunshine
 Wake up you know we got things to see
 She talks till nothing makes sense to me

D
 Baby she say, two was an odd number
 Em
 If you was involved, I'd laugh
 G
 Louis C.K. scumbag, Louis Vuitton
 D Em
 I think life is a game, I'm just playing along
 G

I had something to say then forgot what it was
 D Em
 Back then I grew up next to you, all insecure

G
 If you knew what I was in for, I wouldn't be standing with you
 D Em

Back then, you knew what you was doin', how could act like
 G
 Everything would be simple?

Everything could be (Yeah)
 D
 I wrote rules the wrong ways

Em
 Had blues and long days
 G
 Had clues to deadends

I lose the lost fate
 D Em
 I bruised up my face, she kissed, it go away
 G
 My wrist, I made worth, I kept my pay first, like (cool)

[Ponte]

I hold my head, she sings to me
 I grow, forget her in my work
 Those times we shared, they are so long
 And when I'm dead, we'll all go home
 They'll cry
 They'll sing
 Then leave this place
 This place to me was everything
 What hurts
 What stings
 I saw her in the garden with her friends, she said

[Pré-Refrão]

D Em G
 I will find out, I will
 D Em G
 Wake up, find out, I will

[Refrão]

D Em
 Think fast you only get one try
 G
 Sleep tight, I wanna get sunshine
 D Em G
 Wake up you know we got things to see
 She talks till nothing makes sense to me
