

## **Don Johnson - Heartbeat**

```
tom:
                Abm (forma dos acordes no tom de Am )
                            Afinação: Eb Ab Db Gb Bb Eb
I don't care what you say
you can give it away
Your money don't mean much to me
I've been out on my own
gonna got it alone now
'Cause that's the way it's got to be
Everybody tells me how I can beat the odds for now
Well I've been standing by the fire
but I iust can't feel the heat
Can?t feel the heat
Heartbeat I'm looking for a heartbeat
Heartbeat I'm looking for a heartbeat
              Dm
 beating like mine
Looking at me
```

```
it's easy to see
You think you know just how I feel
If you do to me wrong and it won't take me long
Before my restless heart will heal
I'm looking for a love
love like mine
They tell me it's so hard to find
But I can feel it in the rhythm
Of the heartbeat in the street
In the street
Heartbeat I'm looking for a heartbeat
Heartbeat I'm looking for a heartbeat
 beating like mine
beating like mine
Tell me what you feel now without the heartbeat
                                     Ab
Tell me is it real now without the heartbeat?
Heartbeat I'm looking for a heartbeat
```
