Lyrics:

It's just the sun

It's just the sun that's shining in your eyes
 It's just the moon that is the sun's disguise
 Just the sky with clouds that blowin' by (?)
 The sun and the moon and the sky and you and I

It's just the rain that's rolling down my cheek

It's just the wind that makes me hear you speak
 It's just the song that anyone can sing
 The rain and the wind and the song and the love you bring

It's just the world that's gonna break your heart
 It's just the past that's tearing us apart
 It's just the time we have so little of
 The world and the past and the time that we fell in love

It's just the sun that's shining in your eyes
 It's just the moon that is the sun's disguise
 It's just the sky with clouds that blowin' by
 The sun and the moon and the sky and you and I
