Lyrics:

It's just the sun

It's just the sun that's shining in your eyes  
It's just the moon that is the sun's disguise  
Just the sky with clouds that blowin' by (?)  
The sun and the moon and the sky and you and I

It's just the rain that's rolling down my cheek

It's just the wind that makes me hear you speak  
It's just the song that anyone can sing  
The rain and the wind and the song and the love you bring

It's just the world that's gonna break your heart  
It's just the past that's tearing us apart  
It's just the time we have so little of  
The world and the past and the time that we fell in love

It's just the sun that's shining in your eyes  
It's just the moon that is the sun's disguise  
It's just the sky with clouds that blowin' by  
The sun and the moon and the sky and you and I
