

# Donavon Frankenreiter - Big Wave

Tom: C

Well it's you, it's you  
 Came with the force of love  
 That's what you did  
 You open my eyes  
 And I'll never be the same again  
 You open my eyes  
 You're like a big wave coming on strong  
 Ain't never seen nothing like you, For so long  
 And I wanna thank you for let me know  
 What it feels have love, From my head to my toes  
 You're like a big wave coming on strong  
 Of love, love, love

Well it's true, it's true  
 Never thought about no one  
 No give up a chance  
 And finally never comes  
 But I'll never be the same again  
 Just look what you done

You're like a big wave coming on strong  
 Ain't never seen nothing like you, For so long  
 And I wanna thank you for let me know

What it feels have love, From my head to my toes  
 You're like a big wave knocking me over  
 Of love, love, love

( G )  
 Lot of a dream, not a dream  
 ( G )  
 No the different when it's real  
 It's something you can't touch  
 It's something you can feel  
 But I'll never be the same again  
 No I'll never be the same again  
 I'll never be the same again  
 Love you can hear

You're like a big wave coming on strong  
 Ain't never seen nothing like you, For so long  
 And I wanna thank you for let me know  
 What it feels have love, From my head to my toes  
 You're like a big wave knocking me over  
 Of love, love, love

You're like a big wave coming on strong  
 Ain't never seen nothing like you, For so long  
 You're like a big wave knocking me over  
 Of love, love, love
