Verse 2 (same as verse 1)

## Acordes

Things are gunna change, they never stay the same  
That's why we're fighting a war but the people are to blame  
You can only stand up for what you believe  
Don't be blinded by the power of greed  
What about all those things you could have done but you don't?  
They say things happen for a reason, you don't do them, they won't

Chorus

I'm lookin for life, love and laughter  
Everything in between and what happens after  
I'm lookin for life, love and laughter  
Everything in between and what happens after  
Lookin for laughter

Verse 3:

We got everything we need  
All the money in the world, want to buy what we see  
Dreams are worth more than gold  
Some people hold on, some people let go  
The stars all come out at night  
The velvet sky, all so bright  
I feel so close to you  
Because I see what you see too

Chorus:

I'm lookin for life, love and laughter  
Everything in between and what happens after  
Lookin for life  
I'm lookin for life, love and laughter  
Everything in between and what happens after  
What happens after!  
I'm lookin for life, love and laughter  
Everything in between and what happens after  
What happens after?
