Verse 2 (same as verse 1)

Things are gunna change, they never stay the same
That's why we're fighting a war but the people are to blame
You can only stand up for what you believe
Don't be blinded by the power of greed
What about all those things you could have done but you don't?
They say things happen for a reason, you don't do them, they won't

Chorus

I'm lookin for life, love and laughter
Everything in between and what happens after
I'm lookin for life, love and laughter
Everything in between and what happens after
Lookin for laughter

Verse 3:

We got everything we need
All the money in the world, want to buy what we see
Dreams are worth more than gold
Some people hold on, some people let go
The stars all come out at night
The velvet sky, all so bright
I feel so close to you
Because I see what you see too

Chorus:

I'm lookin for life, love and laughter
Everything in between and what happens after
Lookin for life
I'm lookin for life, love and laughter
Everything in between and what happens after
What happens after!
I'm lookin for life, love and laughter
Everything in between and what happens after
What happens after?
