

# Donavon Frankenreiter - Swing On Down

Tom: G

G B C  
Swing on down, swing on down to me)  
G B C  
Swing on down, swing on down to me)

G B C  
Swing on down, swing on down to me  
G B C  
Swing on down, swing on down to me

G B  
in the morning when the suns still shy  
C D  
And the last star lingers and the pale blue sky  
G B  
That's when I know you're around  
C D  
I said that's when I know you're around

(G,B,C,D )

And in the evening when the light come to the tree's  
And the birds sing a song as if they're singing to me  
That's when I know you're around  
I said that's when I know you're around  
I'm dreaming if you could

REFRÃO - (G,B,C )

Swing on down, swing on down to me  
I want to know if you would  
Swing on down, swing on down to me  
Every time I see something like that  
I want you to (swing on down to me)  
Baby won't you just (swing on down)  
Swing on down to me

(G,B,C,D )

Every time the rain comes out but the sun still wants  
to shout  
That's when I know you're around  
I said that's when I know you're around  
And you know all the colours they just speak to me  
Tell me stories of how it used to be  
When you were still around, I wish you were still  
around

REFRÃO - (G,B,C )

Because I want you to  
Swing on down, swing on down to me  
From the clouds wont you just  
(Swing on down), swing on down to me  
Baby won't you just  
(Swing on down), swing on down to me  
I want to see you today  
I want you to swing on down to me

(G,B,C,D )

It's going to feel so good  
All the colours they tell me things  
And the birds in the trees  
And the stars in the sky
