

## **Dove Cameron - Liv And Maddie - My Destiny**

```
tom:
               G
        G D Em C
Everybody told me walk away
It isn't worth the fight
Don't make waves and don't look back
And you'll be fine, yeah, right
Turns out that's not who I am
C. G
Or who I want to be
    Em
So I'm gonna try to simplify
And be the perfectly imperfect me
I'm flying blind, but I know I'll find my destiny
I'm ready to do whatever it takes, my destiny
And I'm not afraid of making mistakes
It might not be smart to lead with my heart
```

```
But that's how it's gonna be
  No dream too small
  Giving it my all
  That's my destiny
  Every day's a crazy ride
But I'll stay strong because I
    I decide my destiny
    Facing a long and difficult climb, my destiny
  Learning to trust the mysteries of time % \left( 1\right) =\left( 1\right) \left( 1\right)
    There's not much of a plot, so like it or not
                                                                                          Em
  Gonna have to wait and see
    I'll rise, I'll fall
  And heed the call
                                      D
  That's my destiny
```

## **Acordes**
