

Dove Cameron - Someone You Like (ft. Ryan Mccartan)

Tom: C
Intro: C E F G

C
I saw you,
With that ribbon in your hair
Think that I began to stare,
Maybe I'll love you for a while.
A stranger, has a table in a place
And the really pretty face
I wonder what happens when you smile

E
I might never be your hero,
F Never been one to fight
C But that don't mean that
E F G I can't be your valentine
C And I can't be your savior either
F Couldn't even if I'd try
C But I, I think that I could be
F Someone you like.
G Baby, I'll treat you right
(C E F G)

C
Reading,
G In a coffe shop we shared,
F Hidding shy behind my hair
C Watching our movie in my mind

G
I promise, promise not to fly away,
F Make a story 'bout today
C C'mon, give me a try

E
No, I might never stop your sorrow,
F Fix you up, good eyes new
C That don't mean that I can't hold
E Your hand in mine
C I might never say "I'm sorry"
F Even if I done you wrong,
C But I think that I could be
E Someone you like
F Baby, I'll treat you right
(C E F G) x2

C E
I might never be your hero,
F G But I think I'd like to try,
C E And the way you look at me
F G Is your reply
C E Got a lot to learn about me,
F G Maybe you could start tonight
C E 'Cause I think that I could be
F Someone you like
G Baby, I'll treat you right
