

Dragon Ball GT - Bit By Bit My Heart Is Charmed

Tom: F

Riff 1:

Bit by bit, I'm falling under your spell,
Your smile's all I need to see to know we'll

Leave this endless darkness, saying,
"Come along with me!" Hold my hand

Back when you first came into my life,
I recalled a place that I knew as a child:
a special place, one that I held close to my heart

Won't you lead me in a dance down this winding road,
Where light and shadow entwine to take hold
of the thoughts of the one left far behind?

Know that sometimes, I want to turn
around and see the things that

I've passed on the journey,
But know with love on my side,
with courage and pride,
I'll fight; I will carry on

Bit by bit, I'm falling under your charm,
You'll keep me and all the world far from harm
Bring hope to everyone; take in your hands eternity
Even when it seems that I don't need you,
Just know that I am in love; can't wait to
Leave this endless darkness. Won't you come along with me?
Hold my hand
