

# Dream Theater - Wait For Sleep

Tom: G  
Intro: Em C Am D (2x)

Em  
Standing by the window  
C Am  
Eyes upon the moon  
Em C Am D  
Hoping that the memory will leave her spirit soon

Am D  
She shuts the doors and lights  
Em C  
And lays her body on the bed  
Am D Em C  
Where images and words are running deep  
Am D Em C  
She has too much pride to pull the sheets above her head  
Am D Em C Am  
So quietly she lays and waits for sleep

Em C Am  
She stares at the ceiling and tries not to think  
Em C  
And pictures the chain She's been trying to link again  
Am D  
But the feeling is gone

Am D Em C  
And water can't cover her memory  
Am D Em C  
And ashes can't answer her pain  
Am D Em C  
God give me the power to take breath from a breeze  
Am D Em  
And call life from a cold metal frame

D Am  
In with the ashes  
D C  
Or up with the smoke from the fire  
D Am  
With wings up in heaven  
D C  
Or here, lying in bed  
D Am  
Palm of her hand to my head  
D C D  
Now and forever curled in my heart  
C  
And the heart of the world
