[Primeira Parte]

Em G  
I've always been the one to say the first goodbye  
C7M Bm Em  
Had to love and lose a hundred million times  
Em G Em C7M  
Had to get it wrong to know just what I like

Now I'm falling

Em G Em  
You say my name like I have never heard before  
C7M Bm Em  
I'm indecisive, but, this time, I know for sure  
Em G Em C7M  
I hope I'm not the only one that feels it all

Are you falling?

[Pré-Refrão]

C  
Centre of attention

D Bm  
You know you can get whatever you want from me

Em D  
Whenever you want it, baby

C  
It's you in my reflection

D Bm  
I'm afraid of all the things you could do to me

Bm  
If I would've known it, baby

[Refrão]

Em  
I would've stayed at home

G Em  
'Cause I was doing better alone

C7M  
But when you said, "Hello"

Bm Em  
I knew that was the end of it all

Em  
I should've stayed at home

G Em  
'Cause now there ain't no letting you go
