 Yeah, let's get to the point here
 D
 You love to disappoint me, don't ya?
 Em
 You tell me what I want
 D
 But ain't no follow through
 You don't follow through, no
 Em
 But if you only knew me
 D
 The way you know my body baby
 Em
 Then I think maybe we could probably see this, true

We can make it through, but
 [Pré-Refrão]

Em
 I've been thinking it'd be better
 D
 If we didn't know each other
 Em D
 Then you go and make me feel okay
 Em
 Got me thinking it'd be better
 D
 If we didn't stay together
 Em
 Then you put your hands upon my waist

[Refrão]

Em
 I know it's really bad bad bad bad bad
 D
 Messing with my head head head head head
 Em
 We drive each other mad mad mad mad mad
 D
 But baby that's what makes us good in bed
 Em D
 Ple-e-e-e-ease, come take it out of me me me me me
 Em
 I know it's really bad bad bad bad
 D
 But baby that's what makes us good in bed

Em
 It's bad
 D
 We drive each other mad
 Em
 It might be kind of sad
 D
 But I think that's what makes us good in bed
 [Segunda Parte]

Em D
 I dedicate this verse to
 All that good pipe in the moonlight
 Em D
 And the long nights where we did everything but talk it through
 That's what we do yeah

Em
 You always let me down boy
 D
 But when you're going down I get so up
 Em
 Don't know if I could find someone who do me like you do
 D
