

# Dua Lipa - New Love

Tom: G

[Verse 1]

Now it's getting <sup>C</sup>quiet here  
 Now it's getting <sup>D</sup>blue  
 And this baby ain't no fair  
 Taking up my youth  
 You've been telling me some lies  
 I've been thinking it's the truth  
 But I see it in your eyes  
 The things that you do  
 I don't wanna waste more time all alone  
 Want somewhere to go  
 Something to call my own  
 And I ain't satisfied  
 When you're gone

Lost out on the road, washed up on the shore

[CHORUS]

And I've been <sup>G</sup>through mountains and seas  
 Tryina get you to come back to me  
 And I've been <sup>Am</sup>far and I've been so deep  
 Now I find it <sup>G</sup>harder, and harder to breathe  
 And I need some <sup>Am</sup>new love, new love, new love  
 And I need some <sup>D</sup>new love, new love, new love

[BRIGDE]

Easy come, <sup>C</sup>easy go, why?  
 I've been <sup>G</sup>living on, living on  
 Living on, give it all, give it all  
 Can't I just let it go?  
 'Cause I wait for a miracle  
 I wait for a miracle, yeah!
