

Duran Duran - Invisible

tom:

(Invisible, invisible)
 (Invisible, invisible)

[Verse 1]

(Shy one) Walking by the wall
 (Shy one) The shadows will not fall
 (Shy one) Is silently ignored
 (Quiet one) Discouraged by the noise
 (Quiet one) Living without choice
 (Quiet one) Is a life without a voice

[Chorus]

When you can't even say my name
 Has the memory gone? Are you feeling numb?
 Go and call my name
 I can't play this game, so I ask again
 Will you say my name?
 Has the memory gone? Are you feeling numb?
 Or have I become invisible?

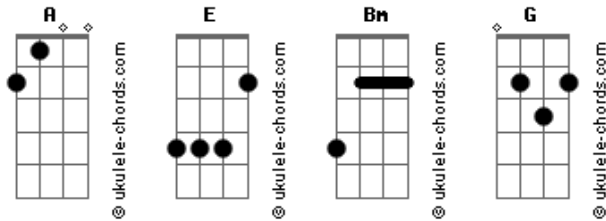

[Interlude]

Bm A
 Bm A

[Verse 2]

(Sky light) Th? dreamers wish away
 (Hindsight) It's falling on my face
 (Hindsight) It's falling on my face

Acordes

(Highlights) Th? shape of my disgrace

[Chorus]

When you don't hear a word, I say
 As the talking goes, it's a one-way flow
 No fault, no blame
 Has the memory gone? Are you feeling numb?
 Or have I become invisible?

[Bridge]

(Invisible)
 (Invisible)
 (Invisible, invisible)
 (Invisible, invisible)
 (Invisible, invisible)
 (Invisible)

[Chorus]

No one hears a word, they say
 Has the memory gone? Are you feeling numb?
 Not a word, they say
 But a voiceless crowd isn't backing down
 When the air turns red
 With a loaded hesitation
 Can you say my name?
 Has the memory gone? Are you feeling numb?
 Have we all become invisible?
