

Duran Duran - The Chauffeur

Tom: E

m [Intro] G B

(Em D G B)

Em Out on the tar plains ...the glides are moving

Em All looking for a new place to drive

Em You sit be - side me, ...so newly charming

Em Sweating dewdrops glisten, fresh in your side

And the sun drips down, bedding heavy behind

The front of your dress, all shadowy lined

Then the droning engine throbs in time with your beating heart

(G B Em B7 G B Em B7)

Em Way down the lane a way, living for a - nother day

Em The aphids swarm up in the ...drifting haze

Em

Swim seagull in the sky to - wards that hollow western isle

Em My envied Lady holds you fast in her gaze!

C Sing----- blue silver

(Em D G B)

Em And watching lovers part, ...I feel you smiling

Em What glass splinters lie so deep in your mind?

Em To tear out from your eyes

With a thought to stiffen brooding lies

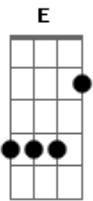

Em And I'll only watch you leave me further be - hind

C Sing----- blue silver

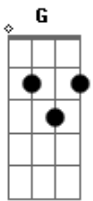

C Sing, sing---- blue silver

[Final] Em D G B7 Em D G B
