

# Dynazty - Free Man's Anthem

tom:  
 Db (forma dos acordes no tom de D)  
 Afinação: Eb Ab Db Gb Bb Eb

Some fall behind with every step they take  
 Some are gaining ground with every move they make  
 My own freedom has been taken from me  
 The day that I was born they stripped away my dignity

Forever cursed to live a life in shame  
 No matter what I do to them it's all the same  
 But I know that I can tear down this wall  
 Break the spell and prove to you all

That I will travel like the wind and waves  
 Over oceans vast and valley's wide I feel  
 I'm finally free, free to be who I want to be  
 I'm free to be me

In reality I'm a prisoner in chains  
 But in my dreams I roam across open plains

By the laws of men my body is bound  
 Yet deep inside of me a strength can be found

No 50 lashes, no bloodshed will wear me down  
 My lust, my hunger is rooted deep in the ground  
 I'll plunge headlong through these times of strife  
 'Cause one day I'll break away on this I'll bet my life

That I will travel like the wind and waves  
 Over oceans vast and valley's wide I feel  
 I'm finally free, free to be who I want to be  
 I'm free to be me

That I will travel like the wind and waves  
 Over oceans vast and valley's wide I feel  
 I'm finally free, free to be who I want to be  
 I will travel like the wind and waves  
 Over oceans vast and valley's wide I feel  
 I'm finally free, free to be who I want to be  
 I'm free to be me
