

Eagle-Eye Cherry - Don't give up

Tom: D

All our dreams are gone
 With a loss of faith
 We're still hanging on
 For another day
 It's so hard to see
 That it's going to get better
 And when will that be
 It's hard to say

Gbm Bm
 We must believe

That if we give we will receive
 Yes we must believe

That it's going to get better

Don't give up
 Never give up
 We won't stop giving

Giving all we got
 Now we're breaking away
 From what holds us down
 This could be the day
 That brings out the light
 Now we're marching on
 With the will of never giving up
 This time we'll have won
 Without a fight

Gbm Bm
 We must believe?

Solo: C G D (2x)
 (G D)
 Forgive and forget don't hold on to the bitterness
 Filled with regrets we don't wanna go there again
 The glass is half full so lets get it on with togetherness
 And our number will grow we will prevail in the end

Solo: C G D (2x)
