

# Eagle-Eye Cherry - Indecision

Tom: G

D Well I found my inspiration there  
 D In silent whispers it just came to me so clear  
 A Simple question of what was I doing there

D Hesitation when I'm standing with my prey  
 D Indecision of if I should blow him away

D It's kind of strange what happened from that moment on  
 D What more can I say than reason he was gone  
 A What they were asking was more than I could bear

D Execution what more can....can I say  
 D The Realisation of blowing a brother away

A Mm..Mm..Mm..Mm.. Something in me was gone  
 A Mm..Mm..Mm..Mm.. Something in me was gone

D Hesitation when I'm standing with my prey

A Indecision of if I should blow him away  
 A Simple question of what was I doing there

D Execution it was not a part of me  
 D The Realisation of how things are going to be

D In my commitment to staying away from guilt  
 D I feel no emotion for those I have gone and killed  
 G Heartless devotion to saving the rest of me...

D I take my gun and I give it to my prey  
 D I turn my back to him and start to walk away  
 A All I want is for someone to stop me there

D Don't want redemption  
 D Don't want salvation...

D In my commitment to staying away from guilt  
 D I feel no emotion for those I have gone and killed  
 A Heartless devotion to saving the rest of me...
