

Eagle-Eye Cherry - Promises Made

Tom: D

Promises made they were lost, somewhere beside you
 Waiting around can leave some, feeling like I do
 Promises made and we stayed, dreaming of leaving

Refrão: Bm Gbm G A
 We will find good days for us
 The sun will shine brightly
 Live our life if only for just a moment

D D D D E A

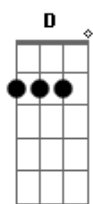

The goodbyes are gone but the echoe remains to remind you
 Oh we could belong to the lucky ones, if we just tried to
 Promises made where we laid, our days of believing

(Repete o Refrão)

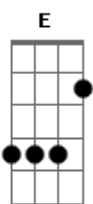

It's okay to cry for a moment when promises shatter
 But don't waste your tears for too long, because soon it won't matter
 Promises made they were lost, but don't bother grieving
