

Ebner Crispim - Anguish (Angústia)

Tom: G

The anguish, has taken ahold of your heart
 Affliction, has made you cry, tearing your life apart
 Your seeking, some assurance, to walk on this way , walk on this way
 Have no fear, because God loves you, and will help you today

Refrão :

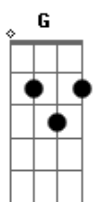

God will exalt you here dont worry soon youll see

And everything will change, your soul will soon be free
 Have faith the Lord has always heard all of your prayers
 Have peace within and know the Lord is always there

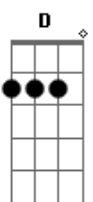

It seems like , in your life, nothing is right
 Dont worry it will all pass, dont't stop just keep up the fight

Your seeking, some assurance, to walk on this way , walk on this way
 Have no fear, because God loves you, and will help you today
