

Echo & The Bunnymen - I'll Fly Tonight

Tom: D

I'm gonna lift you up
 I'm gonna lie you down
 I'm gonna be the king of kings
 You're gonna rise above
 All of the other stuff
 You'll be the queen of everything

 Nothing's gonna be the same
 Nothing's gonna be the same

 Chorus:
 I'll fly tonight
 I'll fly tonight
 I'll fly tonight

Into your light

I'm gonna mess you up
 I'm gonna let you down
 I'm gonna cut you to the bone
 You're gonna lose your nerve
 You're gonna learn to hate
 You'll have a love you've never known

Nothing's ever gonna change
 Nothing's ever gonna change

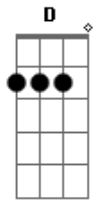

Chorus

If I should fall
 from some great height
 Will I be caught mid-flight?
 If I should steer us far and long
 Will you be near when I go wrong?
 I'm gonna lift you up
 I'm gonna lie you down
 I'm gonna be the king of kings

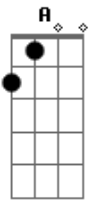

Nothing's gonna be the same
 Nothing's ever gonna change

Chorus
