

# Echo & The Bunnymen - Nocturnal Me

tom:

Intro: Dm Am Dm Am

In an ice-capped fire  
 Of burning wood  
 In our world of wire  
 Ignite our dreams of starry skies  
 And you and me  
 As realised our bigger themes

Oh, take me internally  
 Forever yours  
 Nocturnal me  
 Oh, take me internally  
 Forever yours  
 Nocturnal me

( A E A E A E )

Do or die  
 What's done is done  
 True beauty lies  
 On the blue horizon

Who or why  
 What's one is one  
 In pure disguise  
 Of vulgar sons

Oh, take me internally

Forever yours  
 Nocturnal me  
 Oh, take me internally  
 Forever yours  
 Nocturnal me  
 ( E Am E Am )  
 Whatever burns burns eternally  
 So take me in turns internally  
 When I'm on fire  
 My body will be  
 Forever yours  
 Nocturnal me

In an ice-capped fire  
 Of burning wood  
 In our world of wire  
 Ignite our dreams of starry skies  
 And you and me  
 As realised our bigger themes  
 Oh, take me internally  
 Forever yours  
 Nocturnal me  
 Oh, take me internally  
 Forever yours  
 Nocturnal me  
 [Final] E Am E Am
