

# Ed Motta - The Caretaker

Tom: G

Help me build moon  
 This evening  
 Night will be here  
 Too soon  
 If there's no moon  
 In the sky well  
 Angels won't see  
 No light  
 Hit the ground

And soon  
 There's angels  
 Crashing down  
 Around the town  
 My job  
 Is to make sure  
 They don't  
 Heavens caretaker

I'm sweeping up  
 Another night  
 Don't let them  
 Be complaining  
 Say now  
 I didn't see  
 Go let'em know  
 I'm starting  
 build That moon  
 Make that light

Shine it out  
 But there's one way  
 To make moon melody  
 It's true  
 A silver spoon  
 And kiss or two  
 I'll buy a kiss now  
 Don't be scared  
 This night  
 Will chose you  
 Heard your voice  
 Knew it was  
 The new you in me  
 I need to know  
 Steal your soul  
 Don't be scared  
 I'm just  
 Heavens caretaker

Sweeping up the night  
 Help me build moon  
 This evening  
 Time it won't let us be  
 Don't ask  
 For no understanding  
 They don't know  
 You won't know  
 I don't know  
 Your you in me  
 Makes the moon melody  
 Come true  
 If you just  
 Sell your kiss  
 It starts  
 The caretaker  
 Trying to light  
 Another night

## Acordes
