

Ed Motta - The Caretaker

Tom: G

Help me build moon
 This evening
 Night will be here
 Too soon
 If there's no moon
 In the sky well
 Angels won't see
 No light
 Hit the ground

And soon
 There's angels
 Crashing down
 Around the town
 My job
 Is to make sure
 They don't
 Heavens caretaker

I'm sweeping up
 Another night
 Don't let them
 Be complaining
 Say now
 I didn't see
 Go let'em know
 I'm starting
 build That moon
 Make that light

Shine it out
 But there's one way
 To make moon melody
 It's true
 A silver spoon
 And kiss or two
 I'll buy a kiss now
 Don't be scared
 This night
 Will chose you
 Heard your voice
 Knew it was
 The new you in me
 I need to know
 Steal your soul
 Don't be scared
 I'm just
 Heavens caretaker

Sweeping up the night
 Help me build moon
 This evening
 Time it won't let us be
 Don't ask
 For no understanding
 They don't know
 You won't know
 I don't know
 Your you in me
 Makes the moon melody
 Come true
 If you just
 Sell your kiss
 It starts
 The caretaker
 Trying to light
 Another night

Acordes
