 Intro: E B Dbm A

Oh, yeah, we've been in the rain
 Been on the rocks, but we found our way
 We've ordered pizza to an aeroplane
 Slept on the beach like we were castaways

We've been in the storm
 Been to an Irish bar in central Rome
 Driven to hospitals with broken bones
 Shared a toothbrush and shared our home

We've seen the Moon reflect on the rolling tide
 Been up at 5AM watching the sunrise
 Because? the world looks better wh?n I'm by your side
 Oh I, oh I, oh I

When you and I collide
 You bring me to life
 Yeah, you bring me to life
 You bring me to life

When you and I collide
 You bring me to life
 Yeah, you bring me to life
 You bring me to life

We've been on the road
 We've watched the blossom fall to earth like snow

Fumbled in cubicles in Tokyo
 And been to funerals in rented clothes, mmm
 We drank your father's whiskey when your grandma died
 You brought me to the morning through my darkest night
 Yeah, the world hurts less when I'm by your side
 Oh I, oh I, oh I

When you and I collide
 You bring me to life
 Yeah, you bring me to life
 You bring me to life

When you and I collide
 You bring me to life
 Yeah, you bring me to life
 You bring me to life

Head first, colliding
 Dreamers, colliding
 Universe, colliding
 Your love let the light in

Head first, colliding
 Dreamers, colliding
 Universe, colliding

We made love in the sky
 Overslept and missed the northern lights
 You lost your wedding ring but I didn't mind
 'Cause I got a feeling, baby, we'll be fine
