

# Ed Sheeran - Gold Rush

Tom: E

Intro: 2x: E Gbm A

E Gbm A  
Smoke alarm went off at 9  
E Gbm A  
I woke up wiped the sleep out of my eyes  
E Gbm A  
She left a note 'I'll be back in 5'  
E Gbm A  
Well I'm still waiting for that moment to arrive  
Dbm A B  
I was told to put my job in front of you  
Dbm A B  
But it won't hold me like you do

E Gbm  
But I do it for the love  
Gbm  
Waiting on the gold rush  
A  
Keep it on the edge  
Smoking on a roll up  
E  
When I see my friends  
Gbm  
All they say is hold up  
A  
And remember the time  
E  
When we were in school  
Gbm  
Listening to grown ups  
A  
Didn't learn a thing  
E  
But then again you know what  
E  
You know how to sing  
Gbm  
But you don't know anything  
A  
Other than that

E  
So maybe you should learn to love her  
Gbm A  
Like like the way

E  
Maybe you should learn to love her  
Gbm A  
Like like the way

E  
Maybe you should learn to love her

Gbm A  
Like like the way

You want to be loved

E Gbm A  
I never told her that I liked  
E Gbm A  
The way she dances slightly out of time  
E Gbm A  
And pretends she knows the words

E Gbm A  
To a song she's never heard  
E Gbm A  
But I tell her all the time
