Em  
My mind is a warrior  
Am  
My heart is a foreigner  
C  
My eyes are the colour of red like a sunset

Em  
I'll never keep it bottled up  
Am  
And left to the hands of the coroner  
C  
Be a true heart not a follower  
B  
We're not done yet

Em  
And I see it in your movements tonight  
Am  
If we should ever do this right  
C  
I'm never gonna let you down  
B  
I'll never let you down

Em  
And I'm keeping on the down low  
Am  
And I'll keep you around so I'll know  
C  
That I'll never let you down  
B  
I'll never let you down

Em  
You're strumming on my heart strings  
G  
Like you were a grade 8  
C  
But I've never felt this way  
Em  
I'll pick your feet up off of the ground  
C  
And never ever let you down, now

Em  
You're strumming on my heart strings
