

Ed Sheeran - Hearts Don't Break Around Here

Tom: G

G D
She is the sweetest thing that I know
Em C G
Should see the way she holds me when the lights go low
D Em C
Shakes my soul like a pothole every time
G D Em
Took my heart upon a one way trip
C G
Guess she went wandering off with it
D
None like most women I know
Em C
This one will bring it back whole

[
C G D Em
Daisies, daisies perched upon your forehead
C G D
Oh my baby, lately I know

G D Em
That every night I'll kiss you, you'll say in my ear
C G
Oh we're in love, aren't we?
D Em
Hands in your hair
C G
Fingers and thumbs, baby
D Em
I feel safe when you're holding me near
C G
Love the way that you conquer your fear
D C
You know hearts don't break around here
G D Em
Oh yeah, yeah, yeah
C G D Em C
Yeah-yeah, yeah-yeah

G D
She is the river flowin' nowhere
Em C
And tin wind chimes used for doorbells
G D Em C
Fields and trees and her smell fill my lungs
G D
Spend my summertime beside her
Em C
And the rest of the year the same
G D
She is the flint that sparks the lighter
Em C
And the fuel that will hold the flame, oh

C G D Em
Roses, roses laid upon your bed spread, oh my
C G D
All this, all this I know

G D Em
That every night I'll kiss you, you'll say in my ear
C G
Oh we're in love, aren't we?
D Em
Hands in your hair
C G
Fingers and thumbs, baby
D Em
I feel safe when you're holding me near
C G
Love the way that you conquer your fear
Em D C
You know hearts don't break around here
Oh yeah, yeah, yeah

C G D
Well, I've found love inside
Em D C
The arms of the woman I know
C G D
She is the lighthouse in the night
Em D C
That will safely guide me home
C G D
And I'm not scared of passing over
Em D C
Or the thought of growing old
D
'Cause from now until I go

G D Em
That every night I'll kiss you, you'll say in my ear
C D G
Oh we're in love, aren't we?
D Em
Hands in your hair
C D G
Fingers and thumbs, baby
D Em
I feel safe when you're holding me near
C G
Love the way that you conquer your fear
Em D C
You know hearts don't break around here, oh yeah, yeah

G D Em
That every night I'll kiss you, you'll say in my ear
C D G
Oh we're in love, aren't we?
D Em
Hands in your hair
C D G
Fingers and thumbs, baby
D Em
I feel safe when you're holding me near
C G
Love the way that you conquer your fear
Em D C
You know hearts don't break around here, oh yeah, yeah, yeah
Em
You know hearts don't break around here, oh yeah, yeah, yeah
G
