Tom: G

[Verse 1]
G D Em
She is the sweetest thing that I know
C G
Should see the way she holds me when the lights go low
G D Em C G
Shakes my soul like a pothole every time
G D Em
Took my heart upon a one way trip

Guess she went wandering off with it
G D Em
And unlike most women I know
C
This one will bring it back whole

[Pre-Chorus 1]

Daisies, daisies perched upon your forehead
G C G D
Oh my baby, lately I know

Oh we?re in love aren?t we?
G D Em
Hands in your hair
C D G
Fingers and thumbs baby

C G
And tin wind chimes used for doorbells
D Em C G
Fields and trees and her smell fill my lungs
G D Em
Spend my summertime beside her
C G
And the rest of the year the same
G D Em
She is the flint that sparks the lighter

And the fuel that will hold the flame, oh

[Pre-Chorus 2]
C G D Em
Roses, roses laid upon your bedspread, oh my
C G D
All this, all this I know

C G D
Well I found love in the inside
Em D C
In the arms of the woman I know
G D
She is the lighthouse in the night
Em D C
That will safely guide me home
G D
And I?m not scared of passing over
Em D C
Or the thought of growing old
D
?Cause from now until I go

[Chorus 3]
G D Em
Every night I?ll kiss you, you?ll say in my ear
C D G
Oh we?re in love aren?t we?
G D Em
Hands in your hair
