

Ed Sheeran - I Was Made For Loving You - Feat. Tori Kelly

Tom: D

(com acordes na forma de C)
 Capotraste na 2ª casa
 Intro: C

A dangerous plan just this time
 A stranger's hand clutched in mine
 I'll take this chance so call me blind
 I've been waiting all my life

Pre-Refrão

Please don't scar this young heart
 Just take my hand

Refrão:

I was made for loving you
 Even though we may be
 Hopeless hearts just passing through
 Every bone screaming
 I don't know what we should do
 All I know is darling
 I was made for loving you

Hold me close through the night
 Don't let me go, we'll be alright
 Touch my soul and hold it tight
 I've been waiting all my life

Pre-Refrão:

I won't scar your young heart
 Just take my hand

Refrão:

I was made for loving you
 Even though we may be
 Hopeless hearts just passing through
 Every bone screaming
 I don't know what we should do
 All I know is darling
 I was made for loving you

Bridge:

Please don't go
 I've been waiting so long
 Oh you don't even know me at all
 But I was made for loving you

Refrão:

I was made for loving you
 Even though we may be
 Hopeless hearts just passing through
 Every bone screaming
 I don't know what we should do
 All I know is darling
 I was made for loving you
