

# Ed Sheeran - I Will Take You Home

Tom: D  
Intro: D

D A Bm A  
I stole a car last night  
Don't know where we're gonna go  
But go ahead and drive  
I will take you home

D A Bm A  
Honey, it's cold outside  
And your jumper's torn up  
But darling, hold on tight  
I will keep you warm

G A  
And we will cry 'till this fire is drowned  
And we will write all our memories down  
And we will drive 'till these tires wear out  
But darling I  
I will take you home  
( D )

D A Bm A  
If we could drive all night  
Until the sun is showing  
I see it in your eyes

They will take me home

D A Bm A  
Honey, it's so damn bright  
Daylight's taking over again  
Just follow the signs  
They will lead us home

G A  
And we will cry 'till this fire is drowned  
And we will write all our memories down  
And we will drive 'till these tires wear out  
But darling I  
I will take you home

G A  
And we will cry 'till this fire is drowned  
And we will write all our memories down  
And we will drive 'till these tires wear out  
But darling I  
I will keep you warm  
But darling I  
I will keep you warm  
But darling I  
I will take you home
