

Ed Sheeran - Little Bird

Tom: Ab

(com acordes na forma de Capotraste na 1ª casa G)

We take this bird in with its broken leg
 We could nurse it she said
 Come inside for a little lie down with me
 And if you fall asleep it would be the worst thing

And when I wake up
 And your make up
 Is on my shoulder
 And tell me if i lie down
 Will you stay now
 Let me hold you

And if I kiss you
 Will your mouth read this truth
 Darling how I miss you
 Strawberries taste like lips do
 And it's not complete yet
 Mustn't get our feet wet
 Cos that that leads to regret diving into soon

And i'll owe it all to you
 My little bird
 My little bird

Take a walk out in the morning dew
 We could lay down so i'm next to you
 Come inside for a little home-made tea
 If you fall asleep then at least you're next to me

And if I wake up
 She'll say "it's late love" go back to sleep
 I'm covered by nature

And I'm safe now
 Underneath this oak tree with you beside me
 But if I kiss you
 Will your mouth read this truth
 Darling how I miss you
 Strawberries taste like lips do
 And it's not complete yet
 Mustn't get our feet wet
 Cos that that leads to regret diving into soon

And i'll owe it all to you
 My little bird
 My little bird
 My little bird
 My little bird
 My little bird
 My little bird

And of all these things i'm sure of
 I'm not quite certain of your love
 You make me scream
 Then I made you cry
 When I left that little bird with it's broken leg to die

But if I kiss you
 Will your mouth read this truth
 Darling how I miss you
 Strawberries taste like lips do
 And it's not complete yet
 Mustn't get our feet wet
 Cos that that leads to regret diving into soon

But I'll owe it all to you my little bird
 My little bird
 My little bird
 Woah
 My little bird
 My little bird
 you're my little bird
