

Ed Sheeran - Midnight

tom:

A

[Primeira Parte]

Well, good morning, day
 What a way to start the day
 With everything laid out
 Here on the pillow like a friend

[Pré-Refrão]

If I could catch your every flick of light
 I'd catch your all and everything
 I wager that nobody's ever felt the way we feel
 And I ask you to be all the life
 I knew for every second of our ups and downs
 They turned around like grass upon the wheel
 Like grass upon the wheel

[Refrão]

Well, I get lost inside my head
 In this chaos, you're my calm
 And I will find my feet again
 'Cause even the worst days of my life will always ?nd
 At midnight in your arms
 At midnight in your arms

[Segunda Parte]

Sorry I missed your call
 It was hidin' from the sun
 And you know, when you'r? free to talk
 I won't miss it for the world, no, I won't
 [Pré-Refrão]
 I could not wish for more in life
 Than just to hear, to when you smile
 I could go blind and I'll still know your scent
 Whenever you'd appear
 I have moments when I doubt myself
 But feeling low should still be felt
 It's natural to be consumed with unrelentin' fear
 With unrelentin' fear
 [Refrão]
 Well, I get lost inside my head
 In this chaos, you're my calm
 And I will find my feet again
 'Cause even the worst days of my life will always ?nd
 At midnight in your arms, hey, hey
 At midnight in your arms, hey, hey
 At midnight in your arms, hey, hey
 At midnight in your arms, hey, hey
 At midnight in your arms
