

# Ed Sheeran - Spring

tom:

Intro: D G A A

[Primeira Parte]

D Where is my mind? I've lost the nerve

This year flew by without a word

I had a plan to cross the world

But haven't left this island

D The stores closed down and opened up

I said I'd do a sober month

I failed, but tried and wrote this drunk

In overwhelming silence

[Refrão]

Bm And I'll see my friends when all this ends

G But now until then, I'm holdin' out for spring

We can't let winter win, that's why I'm holdin' out for spring

A Oh, what a state we're in, I'll keep holdin' out for spring

[Segunda Parte]

D Homework and cancelled holidays

The blame gets passed to save a face

The smell of last night's takeaway

Just tells me I'm a mess

D Still watchin' shows they recommend

That don't get good until the end

And I could be unwell, but then again

Maybe I'm just depressed

[Refrão]

Bm And I'll fix my head when all this ends

G But now until then, I'm holdin' out for spring

We can't let winter win, that's why I'm holdin' out for spring

Oh, what a state we're in, I'll keep holdin' out for spring

[Ponte]

E Time, blue skies

D Crossed face, slowly

Db Cross my mind to linger

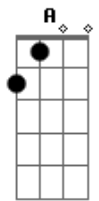

E And hope out for spring

We can't let winter win, that's why I'm holdin' out for spring

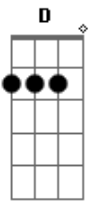

Oh, what a state we're in

[Final] D G A D
