

# Ed Sheeran - Stoned

tom:

E

[Primeira Parte]

Abm B Dbm  
I wasn't looking for a hideaway  
Gbm A B  
I needed heat of a thousand bodies  
Abm  
Crowds will devour  
B Dbm  
Only breathing space  
Gbm  
Consumed by hopelessness  
A B  
And all my worries

[Pré-Refrão]

Abm B  
Save me, colours erase  
Dbm  
Nothing will fill up the space  
Gbm A  
I'm drowning under the waves  
B  
And so out of place  
Abm  
I'm feeling away  
B Dbm  
Maybe this life was a waste  
Gbm A B  
Should I just throw it away?

[Refrão]

A  
All my friends have settled  
E B  
And grown and, then there's me  
Dbm  
Here, dancing alone  
A  
Fueled by heartbreak mixed  
E B  
With the chemicals they are sleeping  
Dbm  
And I am stoned  
A  
All my friends have settled  
E B  
And grown and, then there's me  
Dbm  
Here, dancing alone  
A E  
Am I breathing into my detriment?  
B  
I'll keep bleeding and I'll be stoned

[Segunda Parte]

Abm B Dbm  
I don't want to have to cry again  
Gbm  
We'll say to them goodbye  
A B  
And I'm so sorry  
Abm B Dbm  
This painquish riding till the end  
Gbm A B  
Keep telling myself it's them and not me
