

Eddie Cochran - Somethin' Else

Tom: D

A look a-^Dthere, here she comes^D
 Here comes that girl again^D
 Wanted to date her since I don't know when^D
 But she don't notice me when I pass^A
 She goes with all the guys from outta my class^G
 She's sure fine lookin' man, she's somethin else^D
 Hey, look a-^Dthere, across the street^D
 There's a car made just for me^D
 To own that car would be a luxury^D
 But my dollar can't afford the gas^A
 A brand new convertible is outta my class^G
 She's sure fine lookin' man, wow, she's somethin else^D

That car's fine lookin' man, it's somethin else
 Hey, look a-^Dhere, just wait and see^D
 Worked hard and saved my dough^D
 I'll buy that car that I been wanting so^D
 Get me that girl and we'll go ridin' around^A
 We'll look real sharp with the flight top down^G
 When it all comes true man, wow, that's somethin else^D
 Look a-^Dhere, what's all this^D
 Never thought I'd do this before^D
 My car's out front and it's all mine^A
 Just a forty-one ford, not a fifty-nine^G
 She's sure fine lookin' man, wow, she's somethin else^D
