

Eddie Cochran - Tired And Sleepy

tom:

G

Well I'm a uptown cat

Yeah livin' at a crazy pad

Well I'm a ladies man

And a smooth talkin' dad

But I gotta go to bed 'cause I'm tired and sleepy

I can't love you baby 'cause I'm tired and sleepy

Tired and sleepy

Mm baby so tired

I left the house last night

Yeah with style and grace

I met a wild-wild woman

And I tried to keep the pace

But I gotta go to bed 'cause I'm tired and sleepy

I can't love you baby 'cause I'm tired and sleepy

Tired and sleepy

Mm baby so tired

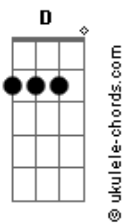

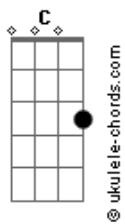

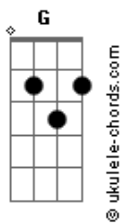

I got a fifty dollar headache

Yeah, a hundred dollar shoes

A big long pink Cadillac

And a bad-bad case of blues

Acordes

But I gotta go to bed 'cause I'm tired and sleepy

I can't love you baby 'cause I'm tired and sleepy

Tired and sleepy

Mm baby so tired

[Solo]

Well I'm a uptown cat

Yeah livin' at a crazy pad

Well I'm a ladies man

And a smooth talkin' dad

But I gotta go to bed 'cause I'm tired and sleepy

I can't love you baby 'cause I'm tired and sleepy

Tired and sleepy

Mm baby so tired

Well I'm a-waiting for you daddy

Yeah, that's what my baby said

But honey I got a passion

For my kingsize bed

But I gotta go to bed 'cause I'm tired and sleepy

I can't love you baby 'cause I'm tired and sleepy

Tired and sleepy

Mm baby so tired
