

Eden - End Credits

Tom: G

Cigarette ash like wildfire
 Burning holes in the nighttime
 Open scars cut like barbed wire
 White lies flying high like a ceasefire
 Dropping flags on the shoreline
 This is as far as I can feel right
 'Cos what you don't know
 Can haunt you
 And all we ever wanted
 Was sunlight and honesty
 Highlights to want to repeat
 Let's get away from here and
 Live like the movies do
 I won't mind when it's over
 At least I didn't think for a while
 So let's run
 Make a great escape
 And I'll be waiting outside for the getaway
 It doesn't matter who we are
 We'll keep running through the dark
 And all we'll ever need is another day
 We can slow down 'cos tomorrow is a mile away
 And live like shooting stars
 'Cos happy endings are just a phase
 Sunsets on power lines
 Making a break for the other side
 Heading out to where that sunshine
 45 millimeter rolling like we lost time
 Polaroids and outcast
 Rather burn out young than grow up fast
 And we could be forever future-bound
 'Cos all I need is time and now and I could leave this past
 behind me
 And all we ever wanted
 Was sunlight and honesty
 Highlights to want to repeat

Let's get away from here and
 Live like the movies do
 I won't mind when it's over
 At least I didn't think for a while
 So let's run
 Make a great escape
 And I'll be waiting outside for the getaway
 It doesn't matter who we are
 We'll keep running through the dark
 And all we'll ever need is another day
 We can slow down 'cos tomorrow is a mile away
 And live like shooting stars
 'Cos everything was never the same
 And I want to let you know
 I want to let you go
 But I just can't bring myself to speak
 But this is how it goes
 The end credits they roll
 This bridge was built over kerosene
 But we can watch it
 And all I ever wanted
 Was sunlight and honesty
 Highlights to want to repeat
 Let's get away from here and
 Live like the movies do
 I won't mind when it's over
 At least I didn't think
 So let's run
 Make a great escape
 And I'll be waiting outside for the getaway
 It doesn't matter who we are
 We'll keep running through the dark
 And all we'll ever need is another day
 We can slow down 'cos tomorrow is a mile away
 And live like shooting stars
 'Cos you can wish away forever but you'll never find a thing
 like
 Today
