

# Eden - Forever/ Over

Tom: A

N.C.  
Life is just going so quickly, I can't catch it  
I don't think anyone can

A  
I met the devil in the hills last night  
E  
I was driving by myself, alone  
Gbm  
He said, "Boy, what you running from?"  
Bm D  
I said I don't know  
A  
I don't know if it was a better time  
E  
But girl, we were giants then  
Dbm Gbm  
Endless nights, we were infinite (so, care to fight it, I guess)  
Bm D  
Summer's end would mean the death of us

Bm  
But summer past, and we grew up  
A D  
And all of our paths, they split up  
Dbm A E Dbm  
And I haven't seen your face or heard your voice in so long  
A D  
So, so long  
Gbm E A  
We had a good run, it's over now

"No, I'm not sad about it, I'm just, it's weird"

Bm Gbm  
Yeah, lying on the grass, talk is so old

Living under Orion, we grew so bold  
A D  
Lying on our days, we were outlaws  
Dbm Gbm

Our loss, but, catch me if you can, never wiped out  
Bm A  
Tryin' to catch a wave, tryin' to break out  
E  
I guess I didn't know  
A Bm Gbm  
And now I'm gone, but it don't hurt me anymore  
E A D  
That's just the way it goes, yeah, I should've known  
E Dbm Gbm  
But, I heard you talking through the walls late last night  
A  
"There are no ends, just grays and half-lives"  
E A  
Half-time (and I heard you), it's alright (and I heard you)

Bm  
That summer past, and we grew up  
D  
And all of our plans, they split us up  
E A E Dbm  
And I haven't seen your face or heard your voice in so long  
D  
So, so long  
E D Gbm E  
We had a good run, it's over now

D A Dbm  
So, please, don't fade me now  
D E Gbm E  
So, please, don't fade me now  
D Cm Dbm  
So, please, don't lose me now

A Dbm  
'Cause everything is not alright, and we are falling  
D Bm Dm  
But that's just life, without some lows there is no highs  
A Dbm  
And everything will be okay, though we are all hurting  
D Bm Dm  
'Cause time flies fast and you know, no pain is forever  
D A Dbm  
Ever, forever

## Acordes
