

# Eden - Gold

Tom: Ab

(com acordes na forma de G)

Capostrate na 1ª casa

Intro: Don't know how well this is gonna be  
But, the basic idea is-

[Verse 1]

Free fall for now  
Desert air won't drown you out  
And for a second I thought the world was ending  
And I couldn't breathe in  
Yeah, and so this isn't your time  
Yeah, been chasing kairos with those scapegoat eyes  
Can't you realize?  
Fuck the summertime, it's you  
So scared of overgrowing youth  
When it's not done with you

[Chorus]

And everybody gon' run, run  
Everybody gon' run, run  
And you can call it what you want  
But I call it moving on  
And I'm so done with singing words I don't believe in no more  
( Em D G )

[Verse 2]

So what you rushing for?  
Who said it's now or never?  
I think you're taking on the wrong advice  
But it's alright if these are your worst times  
You know you're good  
You're good

[Interlude]

And if you want you can breathe on your own  
This isn't what I thought but it's beautiful  
Make peace with your mistakes and they'll turn to gold  
Weightless, I let go

[Chorus]

And everybody gon' run, run  
Everybody gon' run, run  
And you can call it what you want  
But I call it moving on  
And I'm so done with singing words I don't believe in no more

[Final]

No more, call it what you want  
Call it what you want but I call it growing up and I'm done
