

# Eden - Sex

Tom: A

**A**  
What's up what have you been thinking cos you been staring at  
that roof so long

I'd swear its come alive and she spoke

**D**  
nine words and now we're sinking but I can't find it in myself  
to want to

**D** **E**  
lie to keep this thing from going

**Gbm** **E** **Eb** **D**  
**E**  
down cos that girl took my heart and I aint want it  
back no

**Eb** **D**  
I'm laying down my cards

cos you said you meant it

**D**  
nothing and I should've kept my silence but I guess

**Gbm** **E**  
I'm too attached to my own pride to let you know

**D**  
that all these words meant nothing and I've always been this  
heartless

**Gbm**  
and we were just having sex

**E**  
no I would never call it love but love

**Db** **D**  
oh no I think I'm catching feelings

**Gbm** **E**  
and I don't know if this is empathy I feel just

**Db** **D** **E** **Gbm** **A** **B**  
hold on remember why you said this was the last time

**Db** **D** **E** **Gbm**

woah

so I guess it's woah

let die to let it live

**A**  
and what's good when both choices I've got  
have us staring down the barrel to the bullets I can't stop

**D**  
stand off like indecision Kevlar till this fear of  
feeling stops and I'm done but you

**Gbm**  
No I don't know how to forget you (x4)

**Gbm** **E**  
no I don't know how to forget you

**Eb** **D**  
no I don't know how to forget you (x4)

**Gbm** **E** **Eb** **D**  
cos that girl took my heart and I aint want it

**Gbm** **E** **Eb** **D**  
back no a bulletproof restart

**Db** **D**  
oh no I think I'm catching feelings and

**Gbm** **E**  
I don't know if this is empathy I feel just

**Db** **D** **E** **Gbm** **A** **B**  
hold on remember why you said this was the last time

**Db** **D** **E** **Gbm**

woah

so I guess it's woah

let die to let live

**A**  
no I don't know how to forget you (x2)

**D**  
no I don't know how to forget you (x2)
