

Eden - Statues

Tom: C

Dm F
 I'll break the silence
 C B
 And watch it fall in pieces
 Dm F
 The aftermath of passive violence
 C B
 That "he said that she said she cheated"
 G Dm
 And oh, I got a feeling
 F G
 I think you should know
 G
 I'm trying to find hope
 Dm
 There's nothing left to hold
 C
 I'm stuck down here in this hole
 B
 I'll dig my way out
 B
 I'll stand just like a statue
 B
 Just like you
 Dm
 Acting like the sky's just about to fall
 B
 With everything I can't do
 B
 I can't move
 Dm
 In the end I'll find my way back home
 C
 (Find myself at home)
 B
 Just say something
 B
 Don't leave me here with nothing
 Dm
 I'm sure I deserve more than this
 B
 The self-destruction
 B
 I'll think 'till I can't function
 Dm C
 I should've seen it coming to this
 Dm F
 They say it's not having this
 C B
 And you're one shot 'till it's all over
 Dm F
 Say it "I just want out"
 C B
 Just let your words wash over me
 Dm
 And oh, a sinking feeling
 F B
 The flash fire's gone out
 B
 I'm trying to find hope
 Dm
 There's nothing left to hold
 C
 I'm stuck down here in this hole
 B
 I'll dig my way out
 B
 I'll stand just like a statue
 B
 Just like you
 Dm
 Acting like the sky's just about to fall

 With everything I can't do

 The self-destruction

 I'll think 'till I can't function
 Dm C Dm
 I should've seen it coming to this
 Dm
 And every second I breathe
 I'm coming closer
 With every day that I see
 I'm getting older
 With every step that I take
 I'm moving further
 Dm A B
 Away from what I am and who I was
 B
 Let go of yourself like you let go of me
 Dm
 You were my oxygen
 C
 And now it's hard to breathe
 B
 This is the final page
 B
 So now I'll set you free
 Dm
 You were my everything
 C
 I was your empathy
 B
 I'll stand just like a statue

 Just like you

I'll take the blame "sung at same time with partner"
If you take my conscience
I'll take the blame
If you take my conscience
I'll take the blame
If you take my conscience
