

# Eden - Wake up

Tom: C

Primeira Parte:

**Dm** Cos we've been driving so long  
**F** I can't remember how we got here  
**Am** Or how we survived so long  
**G** I'm trying to run from our pride  
 Till you set fire to my atmosphere  
**Dm** And I remember how I spent the 23rd  
**F** Feeling six feet under when I'm 30,000ft in the air  
**Am** Chasing that sun down  
**G** So far east I'm west bound  
 Feeling like the edge of this world is near

Pré refrão:

**Dm** But you'll feel better when you wake up  
 Swear to God I'll make up  
**F** Everything and more when I get back someday  
**Am** This is more than just a phase, love  
 Shooting stars all break up  
**G** And even though it seems like half the world away

**Dm** Things will be better in America  
 Heard the streets are gold there  
**F** Maybe I can fly you out this place someday  
**Am** Chasing dreams like I'm on Novocain  
**G** Screaming through your airwaves  
**Dm** Looking back I almost thought I heard you say  
**F** Stay you're not gonna leave me  
**Am** This place is right where you need to be  
**G** And why your words gotta mean so much to them  
**Dm** And they mean nothing to me

Refrão:

**F** So stay youre not what you're hearing  
**F** Cos I've been watching you changing  
**Am** And who said you're one in a million anyway?  
**Dm** Cos you see only what you want to  
**F** Your tunnel vision owns your  
 And you cant see what's wrong  
**Am** When you keep sleeping through the p. m  
 Eyes wide open when you're dreaming  
**G** You're sleepwalking  
 Just keep talking

**Dm**

Maybe you can talk your way out of this deep end  
 No b plan in your system

**F** Just tell me what your thinking  
**Am** I'm scared that you might fall

**G** But you're not  
 But you're not

Pré refrão variação:

**Dm** And you'll feel better when you wake up  
 Taking off your make up  
**F** Sun always seems to wash our fears away  
**Am** And it's always shining somewhere  
 I just gotta get there

**G** And even though it seems like half the world away

**Dm** Things are better in America  
 Heard the streets are gold there

**F** Maybe I can fly you out this place some day

**Am** Chasing dreams like I'm on novocaine

**G** Screaming through your airwaves  
 Looking back I almost thought I heard you say

Refrão final:

**Dm** Stay you're not gonna leave me  
**F** This place is right where you need to be  
**Am** And why your words gotta mean so much to them  
**G** And they mean nothing to me

So stay youre not what you're hearing

**F** Cos I've been watching you changing

**Am** And who said you're one in a million

You're so much better than that

**Dm** So stay you're not what you're hearing

**F** Cos I've been watching you changing  
**Am** And who said you're one in a million anyway?

Parte final:

**Dm** But you'll feel better when you wake up

Swear to God I'll make up

**F** Everything and more when I get back someday

**Am** Chasing dreams like I'm on novocaine

**G** Screaming through your airwaves

Looking back I almost thought I heard you say
