

# Eden - Wonder

Tom: G  
Intro: G D C G

I used to wonder how it'd feel like <sup>D</sup>  
I looked at everyone for answers <sup>C</sup>  
Chasing round and down in circles <sup>Bm</sup>  
On purpose <sup>C</sup>  
In search of something  
I spent awhile trying to learn somehow <sup>D</sup>  
Some missing pieces will not stop me <sup>C</sup>  
I tried to fill my gaps with heartbeats, so fleeting, cold <sup>Bm</sup>  
feet, beside me <sup>C</sup> <sup>D</sup>  
And I still don't know how I feel about it <sup>Am</sup>  
And I still don't know but I feel like I'm learning <sup>D</sup>  
How to clear my head when all I think about is you <sup>Bm</sup>  
But I'm only human <sup>C</sup>  
I found out <sup>D</sup>  
I know now <sup>G</sup>  
I still wonder how it turned out <sup>D</sup>  
If I done everything, but what if <sup>C</sup>

If I lived like I feel like I could've, I should've <sup>Bm</sup>  
And I was younger <sup>C</sup>  
But I'm good now <sup>D</sup>  
I found out <sup>G</sup>  
That I still don't know how I feel about it <sup>Am</sup>  
And I still don't know but I feel like I'm learning <sup>D</sup>  
How to catch my breath when all I'm breathing for is you <sup>Bm</sup>  
I can't keep holding down <sup>C</sup>  
But you can show me how <sup>Em</sup>  
If you're only human <sup>D</sup>  
Oh, I think I found out <sup>Bm</sup> <sup>Em</sup>  
Woah <sup>C</sup>  
I think I know now <sup>Bm</sup> <sup>Em</sup> <sup>D</sup> <sup>C</sup>  
I used to wonder what love is <sup>D</sup>  
But ever since you've been around <sup>C</sup>  
I finally think I have it figured out, but I missed it <sup>Bm</sup>  
I see now <sup>C</sup>  
I found out <sup>D</sup>  
I know now <sup>G</sup>

## Acordes
